

Statistics of Double Difference

- A) [Mtsat2/Imager-**MetopB/IASI**]-[Mtsat2/Imager-**MetopA/IASI**]
B) [Mtsat2/Imager-**Aqua/AIRS**]-[Mtsat2/Imager-**MetopA/IASI**]

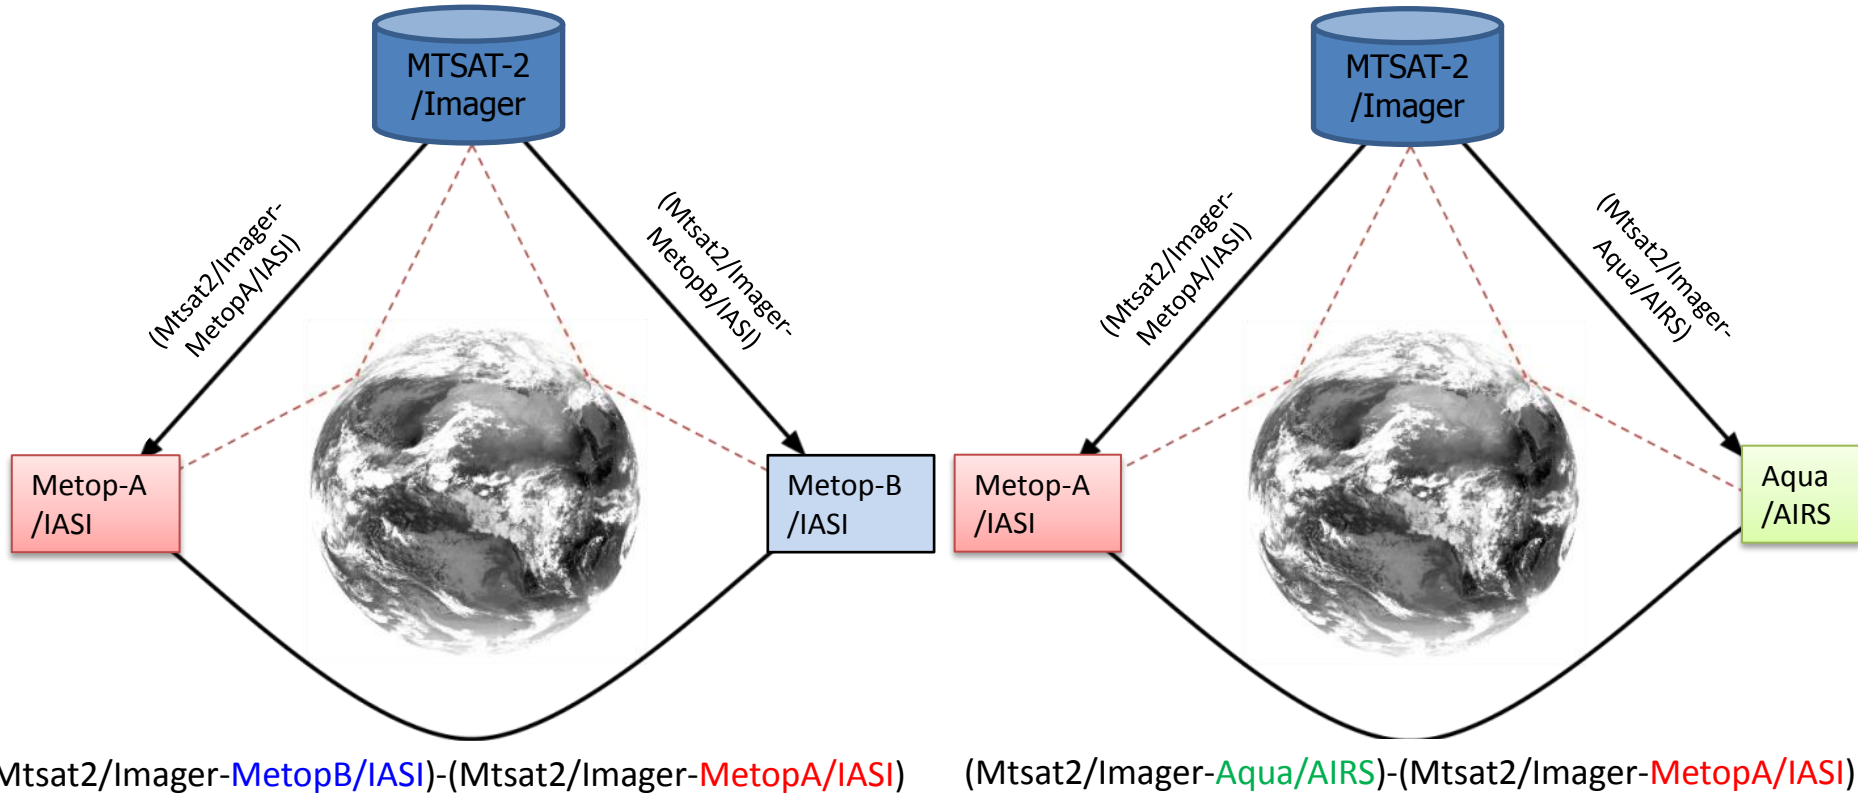

JMA/MSC

27 May 2014

Correspondences of double difference analysis

A) MetopB/IASI vs. MetopA/IASI

B) Aqua/AIRS vs. MetopA/IASI

A) [Mtsat2/Imager-MetopB/IASI]-[Mtsat2/Imager-MetopA/IASI]

- From Daily GSICS Corrections
- Only 24 days statistics

Preliminary result

Biases for standard radiances

	MTSAT-2/Imager Channel	Mean Difference of Standard Biases [K]	Std Deviation of the Difference of Standard Biases [K]
Day data	IR1 (10.8 um)	+ 0.030	0.162
	IR2 (12.0 um)	+ 0.037	0.155
	IR3 (6.8 um)	- 0.009	0.138
	IR4 (3.8 um)	---	---
Night data	IR1 (10.8 um)	+ 0.006	0.090
	IR2 (12.0 um)	+ 0.025	0.065
	IR3 (6.8 um)	+ 0.027	0.131
	IR4 (3.8 um)	- 0.059	0.167
Day and night data	IR1 (10.8 um)	- 0.006	0.098
	IR2 (12.0 um)	+ 0.016	0.085
	IR3 (6.8 um)	+ 0.019	0.131
	IR4 (3.8 um)	-0.059	0.167

Summary and future plans

- JMA started to analyze the statistics for double difference using the data of MTSAT-2 and
 - A) Metop-A/IASI and Metop-B/IASI (N=24)
 - B) Metop-A/IASI and Aqua/AIRS (N= \sim 200)
- A) Metop-A/IASI and Metop-B/IASI (N=24)
 - Mean difference (MD) are small to be $\sim \pm 0.05$ K
 - Standard deviation (SD) are 1.0 \sim 1.5 K
- B) Metop-A/IASI and Aqua/AIRS (N= \sim 200)
 - MD are $\pm 0.1 \sim 0.3$ K
 - SD are 0.1 \sim 1.0 (and more)
 - MD and SD are larger than that of Metop-A/B comparison
- JMA will continue the analysis including
 - Increase the data set
 - Check the time series
 - Revise the calculation method (e.g. set the threshold ...)

Appendix

- Bias for 220K radiance -

A) [Mtsat2/Imager-MetopB/IASI]-[Mtsat2/Imager-MetopA/IASI]

- From Daily GSICS Corrections
- Only 24 days statistics

Bias difference of IASI/B – IASI/A for 220 K radiances

Preliminary result

	MTSAT-2/Imager Channel	Mean Difference of Standard Biases [K]	Std Deviation of the Difference of Standard Biases [K]
Day data	IR1 (10.8 um)	+ 0.011	1.141
	IR2 (12.0 um)	+ 0.100	1.033
	IR3 (6.8 um)	+ 0.0001	0.491
	IR4 (3.8 um)	---	---
Night data	IR1 (10.8 um)	- 0.046	1.047
	IR2 (12.0 um)	- 0.009	0.888
	IR3 (6.8 um)	+ 0.100	0.439
	IR4 (3.8 um)	- 3.890	6.332
Day and night data	IR1 (10.8 um)	- 0.037	1.116
	IR2 (12.0 um)	+ 0.044	0.850
	IR3 (6.8 um)	+ 0.064	0.443
	IR4 (3.8 um)	- 3.890	6.332
